CONSULTING & MARKETING

Dear Beefmaster Breeder,

Welcome to the Bama Breeze Beefmaster sale! This year we have more opportunity from more individuals so even more of a reason for you and yours to join us! The sale will be held in Falkville, Alabama at the Summerford Sale Facility Saturday August 4th at 10:30 am cst.

This sale offering has something for everyone! We have semen from many of the breed's most proven herdsires - Captain Sugar, Cavalier, Infinity, Spartacus, Xcite, and Red Tiger as well as some of the most exciting young studs to come along - Sugarmaker, L2 Max, and L2 Next Level and an ownership in CF Sugar Bear! Look throughout this catalog to find all your opportunities! Frozen embryos with some of the breed's most predictable and proven families represented and in several cases the dam sells in this sale! These are frozen embryo combinations that alone can be the catalyst to your breeding program you have been looking for. Then a flush to one of the only Painted Tiger by Sugar Baby daughters still around tops off these categories being offered. Now the cattle selling are even more impressive with their individuality and genetics! These individuals represent some of the most proven genetics in the breed and some of them will end up being cornerstones to success for whoever takes them home! We have the quality, youth and in every category that will help you be a better Beefmaster Breeder. As you evaluate this sale offering you will quickly realize that this is a group of seedstock Beefmaster that can help anyone improve their breeding program.

We have the opportunity waiting for you and if you will take the time to join us you will be glad you did! We have also added the live internet view of the sale and the opportunity for you to bid and buy live during the sale. Be sure to get signed up at advancedvideoauctions.com so you will not miss anything! Now is the time to make plans to join us. We have a great group of consignors who have put some of their best Beefmaster up for your evaluation.

If you have any questions or need any further assistance do not hesitate to contact me.

See you in Falkville!

TERMS AND CONDITIONS OF SALE
ADOPTED BY BEEFMASTER BREEDERS UNITED
FOR BBU APPROVED SALES
Effective September 10, 2010

THE FOLLOWING TERMS ARE APPLICABLE TO ALL TRANSACTIONS IN BBU APPROVED SALES:

1. **BIDDING:** Each animal will be sold to the highest bidder without reserve.
2. **BIDDING DISPUTE:** The Auctioneer in charge will settle any dispute as to bids, and his decision on such matters shall be final.
3. **TERMS:** Terms of the sale are cash due upon sale, unless prior credit arrangements for the sale have been agreed upon in writing between the Buyer and Seller, in which event, the terms of the written credit arrangement between Buyer and Seller for the sale shall prevail. The failure of a member buyer to pay the appropriate party the sale amounts when due may constitute a cause for exclusion from BBU pursuant to Article I, section 9 of the By Laws of BBU.
4. **PURCHASER'S RISK:** Each animal becomes the risk of the purchaser as soon as the auctioneer declares it sold.
5. **CERTIFICATE OF BREEDING AND/OR TRANSFERS:** All required paperwork will be transferred to the buyer at the seller's expense, upon settlement.
6. **HEALTH:** All animals will have appropriate certificates of veterinary inspection for travel to the sale site and will to the best of the seller's knowledge be eligible for interstate shipment, however, buyers need to be aware of their individual resident state's requirements for shipment of cattle. Any and all testing will have been completed within thirty (30) days of the sale date.
7. **ANNOUNCEMENTS:** Any changes in information of any kind will be announced from the auction box and such announcements shall take precedence.
8. **BREEDING GUARANTEES:**
 - a) **FEMALES: OPEN AND/OR EXPOSED FEMALES:** Females younger than twenty-four (24) months of age can be sold as open. Open females are so guaranteed. Any female is considered a breeder if she is certified to be pregnant by a licensed veterinarian at the time of sale and/or has a nursing calf at side. Cows (including donor cows) with calves at side six (6) months or older must be certified to be pregnant by a licensed veterinarian.
 - b) **SAFE IN CALF FEMALES** have been examined by a competent veterinarian and are so guaranteed.
 - c) **BULLS:** Bulls eighteen (18) months or older are guaranteed to have passed a Bull Breeding Soundness Evaluation (BSE) and to have been certified a satisfactory potential breeder by a licensed veterinarian within forty-five (45) days prior to sale date. The results of the Breeding Soundness Evaluation (BSE) must be reported on a fully completed official form and attached to the health papers required for the sale.
9. **DISCLOSURE OF PRIOR PROCEDURES:** If known to the seller, there must be a disclosure in the current sale catalog or from the box of any circumcision or other surgical alteration of any underline of any male or female and of any single egg or super-ovulation flush of any female sold in a BBU Approved Sale.
10. **INHERITED DEFORMITIES GUARANTEE:** All bred females are guaranteed not to produce a calf with an inherited deformity occurring in Bovine for a period of nine months following date of sale.
11. **REPRESENTATIONS AND GUARANTEES:** All representations and guarantees, whether set forth in sale catalogs, these Terms and Conditions of Sale or otherwise, are solely those of seller and are not those of BBU. Except for the assurances set forth in the Approved Sales Agreement that an animal does not exhibit a genetic defect and that its registry information is consistent with the information in BBU's records, BBU makes no representations, warranties, guaranties or assurances whatsoever.
12. **RIGHTS AND OBLIGATIONS:** The above terms and conditions of sale shall constitute a contract between buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction. Neither BBU, the sale manager, nor any other person connected with the management of the sales assumes any liability, legal or otherwise, for any subsequent resale of an animal.
13. **REMEDIES:**
 - a) **OPEN AND/OR EXPOSED FEMALES** are guaranteed to be breeders by twenty-four (24) months of age except in cases of animals purchased and then fitted for show or administered any super ovulation drug. In cases of animals fitted for show or administered any super ovulation drug after purchase, the breeding guarantees, if any, shall be such as agreed upon between buyer and seller. All claims for a refund must be made in writing to the seller within six (6) months after the

animal reaches twenty-four (24) months of age. Open females are so guaranteed. If within sixty (60) days after the sale date, a female sold as “open” proves to be with calf, the buyer may return the female to the farm of the seller, provided the female is in good condition and in compliance with the health requirements of the seller’s state, and receive refund of the full purchase price. The acceptance of the refund of the full purchase price shall in any case be deemed full satisfaction and settlement of the matter. The buyer’s failure to notify the seller within sixty (60) days from the date of sale and to make the election as hereinabove provided shall relieve and absolve the seller of any duty, obligation or liability to the buyer regarding the purchase of said female. The seller and buyer shall bear equally all reasonable and necessary transportation expenses that are incurred in returning the animal to seller.

b) SAFE IN CALF FEMALES have been examined by a licensed veterinarian. If within thirty (30) days after sale date, a female sold as “safe in calf” proves not to be in calf, the buyer may immediately request that the female receive service from the bull previously used, if available, or return the female to the farm of the seller, provided the female is in good condition and in compliance with the health requirements of the seller’s state, for a refund of the full purchase price. The acceptance of the refund of the full purchase price shall in any case be deemed full satisfaction and settlement of the matter. The buyer’s failure to notify the seller within thirty (30) days from the sale date and to make the election as hereinabove provided shall relieve and absolve to the seller of any duty, obligation or liability to the buyer regarding the purchase of said female. The seller and buyer shall bear equally all reasonable and necessary transportation expenses that are incurred in returning the animal to seller.

c) FLUSHES AND TIME REQUIREMENTS: A flush consists of all viable embryos, transferred or frozen, received from a female as the result of the administration of any super ovulation drug. The sale of a flush or resulting pregnancies must specify in the sale catalog the number of pregnancies guaranteed and the disposition of any other pregnancies resulting from the flush, the disposition of any frozen embryos resulting from the flush and any additional charge for the recipient cows. The maximum time for the delivery of the guaranteed results must be specified along with a payment schedule. Non-delivery or only partial delivery by the specified time by the seller will result in a pro-rata refund of all monies previously paid by the buyer for such flush or pregnancies not delivered.

d) PREGNANCY AND/OR PREGNANT RECIPIENT COW: Pregnancy and/or pregnant recipient cow is a cow of any breed that is carrying a pregnancy (guaranteed to have been examined by a licensed veterinarian as safe in calf) as the result of a flush as so stated on the certification of embryo transplant form. Such pregnancy and/or pregnant recipient cow is guaranteed to be carrying the embryo pregnancy so stated and if found not safe in calf by a licensed veterinarian within thirty (30) days of delivery of the recipient cow to the buyer, the buyer will have the same remedies as set forth in clause b) for the safe in calf females. The amount bid by the buyer for the individual pregnancy and/or pregnant recipient cow offered at a sale will be inclusive of the recipient cow. A pregnancy and/or pregnant recipient cow should be available at the sale site; however, if not available it must be delivered to the buyer, at the seller’s expense, within thirty (30) days of the sale with the necessary health papers sufficient for delivery to the buyer.

e) CLONES: Only BBU replication cell-cloned animals shall be eligible for registration and eligible to sell in BBU Voluntary Approved Sales. Genetically modified animals shall not be eligible for registration and cannot sell in BBU Approved Sales. Cloned animals shall be guaranteed by the seller to be breeders under the same terms of the agreement for females and bulls. *Any additional guarantees with respect to clones shall be a separate agreement between buyer and seller.*

f) BULLS: If within one-hundred twenty (120) days from the date of sale, the bull has failed to pass a Breeding Soundness Evaluation (“BSE”) certified by a licensed veterinarian, buyer must send seller written notification of the failure of the test within one-hundred and twenty (120) days from the date of sale and include the BSE test results. Within sixty (60) days after sellers notification of the failed BSE test, buyer and seller shall identify a mutually agreeable licensed veterinarian or technician certified by a licensed veterinarian to perform another BSE on the bull at the buyer’s expense. The results of the test shall be deemed final and conclusive of this matter and binding on buyer and seller. If, in the opinion of said veterinarian, the bull is unable to pass a BSE and be confirmed a satisfactory potential breeder, he shall so certify in writing to the seller and the buyer which shall include the official form used by the Society of Theriogenology or the official BBU Breeding Soundness Evaluation form. In such event the buyer may return the bull to the farm of seller, provided the bull is in good condition and in compliance with the health requirements of the seller’s state, for a refund of the full purchase price. The acceptance of the refund of the full purchase price shall in any case be deemed full satisfaction and settlement of the matter. The seller and buyer shall bear equally all reasonable and necessary transportation expenses that are incurred in returning the animal to seller. A listing of industry standards for Scrotal Circumferences for bulls at various ages will be printed in the sale catalog. Satellites, Marketing Groups, or individuals may specify additional guarantees.

BEEFMASTER BREEDERS UNITED
SANCTIONED SALE AGREEMENT
(For Consignors, Sale Managers and Consultants)

In consideration of the permission granted by Beefmaster Breeders United (“**BBU**”) for the undersigned to participate in a BBU Sanctioned Sale and the mutual agreements set forth below, I hereby agree to the following rules:

1. All cattle to be sold shall be represented by the seller as properly identified with permanent identification number. All identification numbers, branded or tattooed on an animal, and the description must match identically the identification numbers, holding brands and description listed on the Certificate of Breeding.
2. At the time of the sale, all cattle exhibiting any genetic defect that, in the opinion of the designated BBU official, would be a detriment to the breed, and all cattle that, in the opinion of the designated BBU official, would classify “X” under the BBU Voluntary Classification Program will be removed from the sale offering.
3. The designated BBU official responsible for implementing the above regulations will be at the sale site in ample time to inspect the cattle prior to the commencement of the sale and I agree to provide such official with appropriate access and accommodations required to assure full compliance with the terms of this Agreement.
4. All guarantees and remedies are between buyer and seller. BBU assumes no responsibility.

In making this agreement, I agree to indemnify and hold harmless BBU, its officers, directors, employees, agents, and authorized representatives from any liabilities which may arise in connection with a BBU Approved Sale. I acknowledge that I have read and understood all of the terms of this Agreement.

FAILURE BY A MEMBER TO COMPLY WITH THIS SIGNED AGREEMENT WILL BE AUTOMATIC CAUSE FOR APPEARING BEFORE THE BBU ETHICS AND RULES COMMITTEE TO SHOW CAUSE WHY HE/SHE SHOULD BE PERMITTED TO RETAIN HIS/HER MEMBERSHIP IN BBU.

By signing this agreement, I agree to abide and be bound by this Sanctioned Sale Agreement as same may be from time to time amended or revised by BBU and published on BBU’s official website (www.beefmasters.org) with respect to any BBU Sanctioned Sale. My agreement to be so bound shall remain effective until BBU’s receipt of a written revocation by me. No obligations that arise prior to such revocation will be changed by such revocation. BBU will keep its membership informed of revisions to the BBU Sanctioned Sale Agreement by announcements in its official breed publication, *The Beefmaster Cowman*, by a general direct mailing, or by publication on the official BBU website (www.beefmasters.org) and will provide a member additional copies of the BBU Sanctioned Sale Agreement upon request.

Beefmaster Breeders United

Voluntary Classification Guidelines:

Cattle are visually inspected by a BBU field representative for desirable traits. Each animal is classified according to BBU's Standards of Excellence.

Any bull or female in the "U" category will be so designated on the BBU Certificate of Breeding along with the date and initials of the BBU field representative. To be presented for a "U" classification, males and females must be a minimum of 8 months with no upper age limit. Classification of Certified Beefmaster cattle is \$5.00 per head or \$350.00 per stop, whichever is greater.

Any bull or female in the "X" category will be removed from the registry by BBU's office and so noted by correspondence to the member. BBU will not charge the member a classification fee for an "X" animal.

Bulls must have a yearling scrotal measurement (taken between 320-410 days of age) of at least 30 cm to meet the "U" qualification. A measurement of 34 cm is the objective.

All cattle presented for classification must have permanent identification and must be certified or an application for certification must be presented to the field representative.

To receive a number score all animals must have a "U" classification.

All animals (male and female) aged 13 months and up may be presented for "U" classification and number scores for conformation and underline, with the stipulation that if the animal is seen later in a BBU Approved or Sanctioned Sale it is subject to reclassification by the BBU field representative at the sale (at no charge).

Scrotal Circumference Scores:

SCORE:	AGE		
	15-20 Mo. Old	21-30 Mo. Old	Over 30 Mo. Old
Very Good	More than 37 cm.	More than 39 cm.	More than 40 cm.
Good	31-37cm.	32-39 cm.	33-40 cm.
Poor	Less than 31 cm.	Less than 32 cm.	Less than 33 cm.

BBU Mission Statement

BBU's Mission is to enhance breeders' ability to raise and promote cattle based upon the founding "Six Essentials."

Disposition - Fertility - Weight - Conformation - Hardiness - Milk Production

Our Vision: To increase worldwide demand for Beefmaster cattle.

Guiding Principles:

- 1.) Always strive for breed improvement.
- 2.) Never compromise Integrity.
- 3.) Expand...Encourage...Educate...

One IVF flush to the bull of your choice and you get all the embryos to freeze or use in your recips. The last 2 flushes, she produced 70 and 73 eggs. We used reverse sorted semen, which yielded 19 and 16 good embryos. Tremendous opportunity to get unique and exclusive genetics in your program with the powerful proven pedigree of the great female. Do not miss the chance to add the quality and predictability of these great families!

Cavalier x T 129 Scenario...wow! Power and femininity all wrapped up in one cow. What else would you expect from arguably one of the best sires in the history of the breed? Only 5 years old, this cow has everything you could look for and she'll eat right out of your pocket. She's bred up to Sugar Maker who we believe is the best all round bull and the only Captain Sugar son out of Simply Secret on the market today. Sugar Maker is on display for your viewing pleasure and semen is available.

Captain Sugar x Jungle Tigress (Painted Tiger x Spring Fever). Folks, it doesn't get any better than that. This heifer has depth of body second to none and power out the wazoo. We intended this spring to AI her to Cavalier but she and our herdsire prospect, Zion 1025 (also selling today), had other ideas. We decided not to terminate that pregnancy and breed her late so she is bred up to an outstanding young Sugar Maker son out of Queen of Diamonds (Diamond Rio x By Far). This heifer sells with one straw of Cavalier semen.
