CONSULTING & MARKETING

Dear Beefmaster Breeder,

The **Cottage Farm Beefmasters Herd Reduction Sale** represents one of those moments in time when everyone who takes advantage of the opportunity being offered will have success beyond his or her expectations. Cottage Farm purchases are the driving force behind buyers' long-term success, and these success stories are well established. The Cottage Farm Herd Reduction Sale on **Saturday, June 22** at the ranch in Jackson, Tennessee, will affirm this tradition once again. This is the event that can provide the positive impact you need for true success in the Beefmaster business.

The Bull Market is your opportunity to **invest wisely** in your Beefmaster future. N-Sync, the genetic masterpiece that represents the culmination of decades of planned matings, will be sold and will begin a long and profitable journey for the new owner. The other individuals being offered have the **proven productive genetics, superior visual quality, verified performance and desired carcass traits** that are all required for your future breeding success. These are the investments that will make your Beefmaster profitable.

Cottage Farm's persistent pursuit of Beefmaster excellence over the last 38 years is well documented and confirmed by the abundance of truly superior product they have bought and sold. Simply stated, they practice what they preach, and superior productive genetics with unsurpassed visual quality — along with verified performance — combine to make the Cottage Farm product more profitable for you and your customers. These criteria, in addition to the most exclusive proven-through-production individuals, result in a Beefmaster that will predictably produce a superior product. This is the time to capitalize on this large sale offering with more of these individuals with such incredible genetics. This is the opportunity you normally would have spread-out over the next few years of production sales. It is happening NOW. Do not miss it!

Invest wisely in your Beefmaster future by joining us for the Cottage Farm Herd Reduction Sale. This is the time and the place to make your Beefmaster Breeding program better and more profitable!

We do have a sale offering DVD available, and the entire event will be held live on the Internet at advancedvideoauctions.com, where you can bid and buy live during the sale. If myself or sale consultants Mike Green or Anthony Mihalski can be of any assistance in making selections or purchases, do not hesitate to contact us.

See you in Jackson!

Bruce Robbins

Dear Beefmaster Friends,

Scott and I would like to invite you to our ranch on June 22, 2013 for what we believe will be one of the best set of Beefmaster cattle ever offered for sale.

In 1975, a goal was set at Cottage Farm, which we have steadfastly been pursuing ever since, to breed the best Beefmaster cattle we possibly could. We have worked with great pride and dedication to build a breeding program to produce truly unique, high-performance Beefmaster cattle. We have predictable genetics and performance that is unmatched in the Beefmaster business. Now, due to pressures on our manufacturing business resulting from the elongated housing downturn, we must dramatically reduce the size of the Cottage Farm Beefmaster herd.

The Cottage Farm Herd Reduction Sale will consist of 95 lots of the best Beefmaster cattle available. The offering includes semen, embryos, 20 herd sire prospects, over 35 daughters of the legendary Oasis, numerous daughters of Vanna 2000, Sex Life, Sex Pistol and Bombshell. Two clones of Oasis and Jungle Red will also sell. The offering will be packed front to back with only exceptional, high-performance cattle.

Cottage Farm is a family operation that Scott and I have been deeply involved with since we were young boys. Our love for the Beefmaster breed and its people has never been stronger, and our intent is to come back strong as soon as we possibly can.

Now is the time for Beefmaster cattle...the demand has never been stronger, and never have you had the opportunity to acquire these genetics in one place on one day. We hope you will take time to see the results of almost 40 years of intense planned matings and be with us at our ranch on June 22, 2013.

Kindest Regards,
Rick Stonecipher

**BID AND BUY LIVE USING THE INDUSTRY'S BEST REAL-TIME,
INTERACTIVE ONLINE AUCTION SERVICE.**

Advanced Video Auctions (AVA) provides live video auctions, webinars and many other marketing and meeting presentations in real time over the Internet.

The **AVA** system was created and developed especially for the marketing and promotion of livestock and is well proven to provide a unique presentation for various livestock events via the Internet.

Videos, still images and detailed information on each of the lots offered are available prior to the sale and may be viewed anytime at **www.AdvancedVideoAuctions.com**. You do not need a username or password in order to view the sale offering prior to the sale, but we do encourage you to **register early** for the sale to obtain your username and password that you will be able to use on the **AVA** system for each sale where you desire to become a buyer.

On sale day, you will log on with your username and password and will then be able to view the auction broadcasted with either live streaming video or pre-recorded video of the lots, and on some events, you will see both. In addition, the **AVA** system provides **live streaming audio** from the sale site so you don't miss any part of the auction action, hearing the auctioneer and other comments announced.

Plus, you can **privately chat** in real time with the on-side bid administrator.

Please go to www.AdvancedVideoAuctions.com to register for the sale or event. You only have to register once for all events held! Please try to register prior to sale or event day. Also, please note that payment terms are unique and specific for each sale. Please review any of the sale terms ahead of time, and if you have any questions, you can contact the sale personnel designated for that auction.

**Beefmaster
Breeders
United**

Voluntary Classification Guidelines:

Cattle are visually inspected by a BBU field representative for desirable traits. Each animal is classified according to BBU's Standards of Excellence.

Any bull or female in the "U" category will be so designated on the BBU Certificate of Breeding along with the date and initials of the BBU field representative. To be presented for a "U" classification, males and females must be a minimum of eight months old with no upper age limit. Classification of Certified Beefmaster cattle is \$5.00 per head or \$350.00 per stop, whichever is greater.

Any bull or female in the "X" category will be removed from the registry by BBU's office and so noted by correspondence to the member. BBU will not charge the member a classification fee for an "X" animal.

Bulls must have a yearling scrotal measurement (taken between 320-410 days of age) of at least 30 cm to meet the "U" qualification. A measurement of 34 cm is the objective.

All cattle presented for classification must have permanent identification and must be certified, or an application for certification must be presented to the field representative.

To receive a number score, all animals must have a "U" classification.

All animals (male and female) aged 13 months and up may be presented for "U" classification and number scores for conformation and underline, with the stipulation that if the animal is seen later in a BBU Approved or Sanctioned Sale it is subject to reclassification by the BBU field service representative at the sale (at no charge).

Scrotal Circumference Scores:

SCORE	AGE		
	15-20 Mo. Old	21-30 Mo. Old	Over 30 Mo. Old
Very Good	More than 37 cm	More than 39 cm	More than 40 cm
Good	31-37 cm	32-39 cm	33-40 cm
Poor	Less than 31 cm	Less than 32 cm	Less than 33 cm

Oasis has proven to be the top female ever produced in the breed. Her consistency in production, ability to produce large numbers of herd sires, prolific embryo production, marketability of offspring, all contribute to this claim. You have the opportunity to buy Oasis as a young proven donor. Oasis clone is the exact DNA as Oasis and will produce exactly the same. Whatever she brings, she will be a great investment for her new owner. The top female to sell in the last 10 years. Take a look at her outstanding Infinity daughter that was her natural calf selling as Lot 2. Oasis clone 971 has been flushed twice averaging 18 viable embryos per flush. She sells with a great young Dr. Love heifer. Once-in-a-lifetime opportunity.

CF 539 represents the incredible combination of Infinity and Oasis that has worked so well. A full sister to the Walker Red bull that topped the 2013 Live Oak Sale, Adrenaline, De Ja Vu, Lipstick (selling as Lot 3) and many others. A genetic masterpiece, she is bred AI to Dr. Love, a cross that works. Look at the De Ja Vu x Dr. Love calves. Her performance shows you the milking ability of her dam Oasis clone 971, who sells as Lot 1.

CF Lipstick is an incredible female that is one of the top two Infinity daughters in the breed. Long, clean, yet powerful, just take a look at her individual performance and EPDs. She is a flushmate to Adrenaline, De Ja Vu. Now study her Spartacus and Sugar Bear calves selling in Lots 3-9 and 80 bull. They are all outstanding and proof of her production. Lipstick has been flushed three times, averaging 17 viable embryos per flush. CF Lipstick will calve by sale day to Sugar Bear making the calf a full sibling to the lot 4 heifer. Awesome opportunity.

Hard to describe the impact cows like Jungle Red have had on the breed. Now you literally have a once in a lifetime opportunity to own Jungle Red as a young donor. This is all possible again through the advancement of science, which allowed us to make Jungle Red again with a clone. There is no guesswork. She is not a daughter of, nor a full sister to Jungle Red. She is Jungle Red. If you are a serious breeder, you need to take a hard look at this investment female. Jungle Red will calf prior to the sale with a Sugar Bear calf. Jungle Red has been flushed twice resulting in an average of 13 viable embryos per flush.

Dr. Love is without question the best Spartacus son ever produced in the breed. Extremely straight lines, great sheath, perfect balance and thickness. He's bred to be this good. Look at his pedigree. He is the perfect breeding of decades of planned matings. His first offspring are well represented in this sale, and they are outstanding. Makie and Norma Jean Bounds purchased an interest in his first son, Adonnis. Dr. Love is an essential part of anyone's breeding program. *Special sale day price of \$100/straw.*

CF N-Sync is a genetic masterpiece that represents the culmination of decades of planned matings. The result of these proven, performance matings can be seen throughout N-Sync's exceptional phenotype. His dam, Oasis, continues to prove that she is the most prolific producer in the history of the breed. N-Sync is the top Synergy son ever produced. Top to bottom, he has it all. Sells with 500 units of semen. Full sisters sell in lots 37,39, and 41.

CF 563 is quite possibly one of the top five herd sires to sell in the last 10 years. He is the spitting image of Sugar Britches, but quite possibly better length, performance, straight lines and striking looks put CF 563 in a very elite class of herd sires. If you are a serious Beefmaster breeder and are ready to be involved in a bull that is destined to have an impact on the breed, you need to consider this bull. Extremely rare opportunity. Cottage Farm reserves the right to 100 units of semen for in-herd use only.

Everyone knows what a great producer Dream Catcher was for Clark Jones and Ted Cain. This full brother is the spitting image of Dream Catcher. I do not know if I have ever seen two brothers built more alike, so here is your chance to get a young Dream Catcher to improve your herd and add instant marketability. Full sisters sell in Lots 13, 56 and 57.

The Bull Market

Over 20 Top Herd Sire Prospects will be Offered
at the Cottage Farm Beefmaster Herd Reduction Sale
Jackson, Tennessee • June 22 • 10 a.m. • at the Ranch

Cottage Farm
731/664-7400

As a cattle breeder, your herd sire is the single most important **INVESTMENT** you will make. The right herd sire can move your breeding program years forward and have a tremendous impact on your profitability. The wrong herd sire will not only set your breeding program back but will adversely affect your bottom line.

On June 22nd at the ranch in Jackson, Tennessee, Cottage Farm is proud to present **The Bull Market**. **The Bull Market** represents over 20 outstanding herd sire prospects that were all selected for these highly important traits:

INVEST Wisely

Spartacus, Infinity and Red Sugar ... but that is only half the story. Below are the dams of the herd sire prospects which we believe are one of the most critical aspects when considering the most important **INVESTMENT** in your breeding program.

Performance, Carcass, Proven Predictable Genetics, Marketability & Visual Quality.

As with any **INVESTMENT** decision, it is important to understand the basis of the **INVESTMENT**. The sires of these prospects include Sugar Britches, Sugar Bear, Adrenaline, Captain Sugar, Synergy, Dr. Love,

Déjà Vu – Infinity X Oasis.
3 sons by Dr. Love and Spartacus sell!

Oasis – **Cavalier X CF Sex Life.
12 sons by Captain Sugar, Infinity, Red Sugar, Synergy, Dr. Love and Sandman sell!

Bombshell – Spartacus X Sex Appeal.
3 grandsons by Adrenaline sell!

Desert Wine – Infinity X Red Red Wine.
2 sons by Sugar Britches sell!

Lipstick – Infinity X Oasis.
