

# *Winning Tradition X' Sale*

Saturday, May 5, 2012 :: 1:00 pm  
At the ranch near Devine, Texas

*Selling over 80 lots of powerful Brangus genetics!*

# Welcome Friends...

Dear Brangus Family & Friends,

Welcome to our 10th Annual 'Winning Tradition' Sale! Wow! Just like a marriage...sometimes ten years seem like yesterday and sometimes it feels like forever! (Just kidding...wives!) We are very proud of what we have accomplished in the last ten years at JLS.

Although we will no longer be actively showing our own JLS cattle, we will be participating on the sidelines, supporting and cheering for the JLS show animals purchased by our customers: thus, continuing the JLS Winning Tradition.

Two years of severe drought were a challenge. In the long run, though, it made our cattle better by more discriminatory culling and alternate ways of management. The Brangus breed proved, once again, their heat tolerance.

About this offering:

- Every pair in this sale is a first or second calf heifer. We're sharing the "heart" of our future. The older "worn out" cows have been culled.
- We're also sharing our "Breeding Up" program by selling an interest in two of our outstanding 3/4 bull calves. Not many cattle of any breed have an IMF of 6.25! Take a close look at the black bull calf, 612Y2.
- Sometimes in the past we did try to keep the best show animals for our JLS show circuit, but as many of you know, we have sold many champions and often in the show ring I was "beaten" by a purchased JLS animal. This time, we are selling all of our show cattle. This includes new prospect show animals and our entire experienced female show cattle from Houston.
- In this sale, we are selling seven of our top spring yearling bulls. One is a 3/4 brother to Duke, Show Bull of the Year 2011. Since the rains, the bull market has gotten very strong. This year's offering is younger than before because of the high demand for their older counterparts.

Please come early. Come on Friday and view this offering that is a product of ten years in the making. While you are here, we'll feed you our Cajun friends' famous steak supper. Trust us...your mouth will thank you for it!...Great food...great friends...great cattle...can life get any better?

If you have any questions regarding this sale offering, please feel free to come by prior to the sale to witness our cattle's quality first-hand. You can also view them at [www.jlsbranguscattle.com](http://www.jlsbranguscattle.com) starting April 16th, or call the numbers below.

Hope to see you at the Devine JLS Ranch on May 4th and 5th.

**Jeff Smith**

## *What JLS International Is All About...*

### **:: WHO ::**

JLS is owned by Jeff Smith from Alabama. The ranch is singly owned, no partners or associates. Jeff manages the Alabama ranch. He has been in the Brangus business for 23 years.

The Devine (Texas) ranch is run by Myron Saathoff. He has been in the Brangus business for 38+ years, with his show career longer than that.

The JLS Texas Division began in the Fall of 1999. Jeff said to Myron, "I'll buy the land, if you'll run it." That was the beginning of the '*Winning Tradition*'.

Stability....Since 1999...one owner, one manager, no associate. The only people we have to make happy are ourselves and our customers.

### **:: WHERE ::**

*The JLS program is organized as follows:*

#### **ROBERTSDALE, ALABAMA**

Jeff manages the Angus herd. He uses 3/4 blood bulls from new genetics. He produces heifer for replacement cattle. Multiple locations are used for this operation.

#### **DEVINE, TEXAS**

Myron manages the multi-generation, percentage cattle, and embryo work. Other land and cattle in South Texas are used for this operation for a total of four different locations.

One of the South Texas locations is high fenced, and our Brangus cattle share the land and grass with a trophy whitetail deer population.

### **:: WHAT ::**

We have a program. We never changed our goals because of the latest trends or fads. We just kept the type of cattle that please us and our customers. We developed a program based on predetermined objectives that were set from the beginning.

*We believe in functional cattle that have bone and guts, but at the same time, have eye appeal and are productive.*

To accomplish these goals, we have attempted to be progressive, cost efficient with never losing sight of our objectives.

We do not breed for the show ring. Our record has shown that we breed functional cattle with eye appeal that are accepted by the commercial cattlemen, the show ring and registered cattlemen. ***Champions produce Champions!*** Our program has dominated. Retired former champions are still producing champions. Every animal has gone back into our breeding program and has been successful both in the show ring and as producers. We sell our females at our annual sale the first weekend of May. We sell our bulls in some consignment sales during the year and our annual sale: however, the bulk of our bulls are sold private treaty. (Approximately 175 per year)

## :: HOW ::

We have concentrated on fostering our present genetics, and developing new genetics.

### *:: Breeding up program of new genetics*

- Angus cattle
- 1/4 blood
- 1/2 blood
- 3/4 blood

*:: Added Red Brangus to our program. We felt that the Red Brangus breeders had so much to offer that we wanted to be a part of it.*

### *:: Furthering our present genetics*

- AI
- Embryo transplant
- Cloning—presently we have five clones at the Devine location from the original 915C cow.

We are doing all of this while never losing sight of our objectives. We monitor and double check ourselves to make sure we are still on track using weights, measurements and checking ribeye data. Feedback from our customers also provides us with more information.

## :: WHY ::

Why have we been successful? Not only the cattle business, but for any business to last as long as we have, three things had to be present.

1. *Honesty*
2. *Integrity. For both honesty and integrity, you either have it or you don't.*
3. *Trust. This has to be earned. You can't buy it.*

When you buy from JLS, you're buying a piece of a program backed by many years of experience, honesty, integrity, and we will earn your trust. This is exemplified by our many repeat customers, both registered and commercial breeders.

***We've been here. We are here. We will be here in the future! We're in this business to stay!***

# *Attention Junior Brangus Exhibitors!!!*

## JLS OFFER TO JUNIOR EXHIBITORS ONLY:

**If a junior exhibitor wishes to purchase a show heifer that is at side of a cow and they do not want the cow, JLS will maintain the pair to weaning time and the junior will be charged 60% of the bid price for the weaned heifer and JLS will keep the cow.**

*If there are any questions pertaining to this offer,  
please contact Myron Saathoff  
(210) 218-4804 cell or Gary Bruns  
(830) 393-6079 or (830) 391-0766.*

*Juniors...Don't Miss Your Chance To Be Part Of The Winning Tradition!*

# Comments From The Sale Manager...

Dear Brangus Breeders:

Welcome to the tenth annual JLS Winning Tradition Sale. The past year has been a financial challenge for all cattle breeders in South Texas. Extreme drought and unbelievable hay prices forced many to re-evaluate their programs.

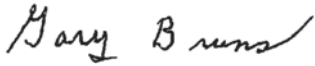

On a positive note, cattle numbers are at an all-time high. Better yet, we are getting rain and it's green once again.

Myron and Jeff have continued the winning tradition along with several juniors that have made purchases in past sales. Many champions came to the front at major shows carrying the JLS prefix.

This sale will be no different. Besides the halter broke heifers, there are lots of pairs with show heifer and herd sire prospects at side. There will be something for everyone. The cattle will be videoed again this year so you can start evaluating the offering early. Don't forget the Friday night Cajun steak dinner.

If I can be of assistance, please call.

Sincerely,

**Gary Bruns**  
Sale Manager

# The JLS Winning Tradition...

Sometimes you can get so involved in what you are striving for that you do not acknowledge what other people and their JLS cattle are doing. This past year the ranch has done very well, but not nearly as well as our friends have done with JLS cattle. With their hard work and a little piece of our program, they are starting their own *Winning Tradition...*

**GRAND CHAMPION FEMALE**  
**2012 International Brangus Show**  
*Congratulations to the Wellmann family!*

**RESERVE SR. HEIFER CALF CHAMPION**

# *Sale Notes...*

# Terms Of The Sale...

*Except for those stated in the below terms and conditions, there are no warranties, either expressed or implied, as to the merchantability of fitness for a particular purpose with respect to the cattle being sold at this auction.*

*The warranties and guarantees set forth in the "Terms and Conditions" are in lieu of all other warranties either expressed or implied, and the remedies provided therein shall be the sole and exclusive remedy of the buyer, or any part through the buyer, for any breach of warranty or guarantee therein provided, and all other obligations or liabilities.*

## **BIDDING:**

Each animal will be sold to the highest bidder without reserve. The auctioneer in charge will settle any disputes as to bids and his decision will be final.

## **TERMS:**

All terms are cash or check. Settlement must be made to the clerk at the conclusion of the auction.

## **PURCHASER'S RISK:**

Each animal becomes the risk of the purchaser as soon as sold; but will not be delivered until settlement has been made.

## **CERTIFICATE OF REGISTRY:**

When full settlement has been made, a certificate of registration will be furnished and transferred to the purchaser on those lots that are registered. Give full name and address to secretary when making payments so the Certificate of Registry will be transferred properly.

## **ANNOUNCEMENTS:**

Announcements from the auction box will take precedence over the printed matter in this catalog. All cattle will be sold by lot numbers as announced by the auctioneer.

## **BREEDING GUARANTEE:**

(A) Any female is considered a breeder if she is pregnant at the time of sale and/or she has a calf at side.

(B) Safe in calf females have been examined by a competent veterinarian and are so guaranteed.

(C) Served females are believed to be in calf but are not so guaranteed.

(D) Pasture-bred females have been exposed but are not guaranteed to be in calf.

(E) Open females have not been served and are so guaranteed.

## **HEALTH:**

All animals are eligible for interstate shipment and have been tested for Bang's disease within thirty (30) days of the sale date. A health certificate will be furnished on each animal.

## **OPTIONS AND PRIVILEGES:**

(A) All information listed is believed to be accurate and precise as compiled by a licensed and competent veterinarian and or ranch personnel. Every effort has been made to insure the reproductive soundness of each lot. Each lot is believed to be physically and reproductively sound.

(B) The warranties and guarantees set forth in the "Terms and Conditions" are in lieu of all other warranties either expressed or implied, and the remedies provided therein shall be the sole and exclusive remedy of the buyer.

## **RIGHTS AND OBLIGATIONS:**

The above terms and conditions of sale constitute a contract between buyers and sellers of each animal and shall be equally binding upon both.

Animals resold following purchase in this sale shall constitute a separate transaction, and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

All persons who attend the sale do so at their own risk and the owners or any person connected with the management of the sale or sale facility assume no liability, legal or otherwise, for any accidents which may occur. Except for those stated in the below terms and conditions, there are no warranties, either expressed or implied, as to the merchantability or fitness for a particular purpose with respect to the cattle being sold at this auction.

The warranties and guarantees set forth in the "Terms and Conditions" are in lieu of all other warranties either expressed or implied, and the remedies provided therein shall be the sole and exclusive remedy of the buyer, or any part through the buyer, for any breach of warranty or guarantee therein provided, and all other obligations or liabilities.
