## Welcome to the Swinging B Ranch & T5 Beefmaster Production Sale

It only seems like yesterday that we completed our first production sale. My parents always told me time flies when you are having fun. It has been fun planning for this sale, which started shortly after our last one ended. It is a honor to once again have this sale with our good friends JC and Teri Thompson of T5. We want you to accept our invitation to our second production sale, this year in Salado at the Tenroc ranch.

Norma Jean and I are very thankful to be Beefmaster breeders, and have the opportunity to be a part of the Beefmaster family. With the help of ranch manager Justin Rhodes, we believe we have a set of cattle that will do your program some good. We allow the six essential traits of the breed to guide us in our breeding decisions and what we are offering at our sale. This year we will have 3N1's, pairs, bred and open heifers. We are also excited about a set of halter broke calves. They will be ready to show in the junior program, open shows, and in Mexico. All the cattle have great genetics and the quality is outstanding. We want you to come out on Friday night and enjoy catfish and then gather around the fire pit and listen to some great Bluegrass music. Ladies don't forget Salado is a great place to shop!

Justin Rhodes has the challenge to have everything parent verified, DNA tested, and carcass data. We participate in Whole Herd Reporting and have BW, WW, and YW on all our cattle. I am a firm believer that we need to collect data and provide all we can for our buyers. We want you to buy with confidence.

I close by saying, thank you for your consideration and we look forward to a great sale. Come join us and we have a great weekend together. Thanks, to Justin Rhodes and Jason Lyman for having our cattle ready to go. I also, want to give a big thank you to Mike Green for all his help and putting us in the right direction.

Beefmaster Friends,

Mackie, Norma Jean, Teri and I are proud to invite you to our 2013 production sale. We believe that this may be the best offering we have ever had to present to you.

Salado is a charming little town in central Texas not far from where Teri and I grew up and the place where Teri rejected my first proposal of matrimony (she obviously came around eventually). It is full of shops, walking trails on the creek, has a Robert Trent Jones designed golf course at Mill Creek and a wonderful restaurant where the old Stage Coach stop used to be right there downtown. The sale facility is 2 miles from there, west of IH 35 on a game ranch that is a favorite spot for weddings and receptions on one side and has the cattle facilities on the other. I think the location will be an entertaining place for you and your family.

We are excited to host you and hope you will make plans to attend. We look forward, as always, to your company!

JC and Teri Thompson

Dear Beefmaster Breeders,

Saturday, May 18, 2013 you will have the opportunity to purchase one of the "Great" set's of Beefmaster cattle. Mackie and Norma Jean along with J C and Teri and guest consignors, Rick Seeker, Gery Maneth, Painted Springs, Steve Dodds and Jim Johnson have assembled one of the nicest set of sale cattle for sale at one venue I have ever seen! The consistency of phenotype and quality will simply amaze you.

With the acquisition of Justin Rhodes, Mackie has set forth goals only imaginable for his cattle operation. Their dedication to produce cattle that perform, are pretty, and genetically marketable has enabled them to be a trend setter at consignment sales and futurities. When you go, they are the ones to beat. Since the purchase of Bulletproof from Cottage Farm, they have bitten off a place in Beefmaster history. Bulletproof died this year but his legacy will live on in his progeny, many offered in this sale. They are bringing their best to this sale, and you are the beneficiary. The pick of 8 haltered calves in the sale will let you have a peek and ability to buy from the next generation at Swinging B.

J C Thompson has always been a visionary with his cattle operation. He knows where he wants to be and has no problem taking the necessary steps to do the same. He also has produced cattle that go out and win. With his acquisition of Sugar Pie and Ace In The Hole years ago, he has produced a herd of cattle that excel in phenotype and proven predictability and production. Just a little secret, he is focusing his program to mainly embryo transfer. That means he will be selling his young herd sires, Who Dat and Bullseye. This is your opportunity to acquire proven, predictable sires still in the youth of their life. The advertising on these two studs have been laid out for you. All you have to do is get them into your program and "go to town".

The consignors are bringing cattle equal in marketability to Mackie and J C. They brought only their best. Wow! What a set of cattle!

Tenroc Ranch in Salado, Texas sets a beautiful setting for this sale. Good cattle, beautiful ranch and above all, good people will host your cattle buying pleasure, May 18. A JBBA heifer show will follow the sale. Friday night join us for fellowship and a catfish supper.

When I look at this set of sale cattle, it makes me proud and excited about being a Beefmaster Breeder! The sale will be offered on-line sale day by Advanced Video Auctions if you can't make it. If myself, Bruce Robbins or Anthony Mihalski can help you in any way, please don't hesitate to call us. See you at Tenroc!

Sincerely,

Mike Green

**ADOPTED BY BEEFMASTER BREEDERS UNITED**  
**FOR BBU APPROVED SALES**  
*Effective September 10, 2010*

THE FOLLOWING TERMS ARE APPLICABLE TO ALL TRANSACTIONS IN BBU APPROVED SALES:

1. **BIDDING:** Each animal will be sold to the highest bidder without reserve.
2. **BIDDING DISPUTE:** The Auctioneer in charge will settle any dispute as to bids, and his decision on such matters shall be final.
3. **TERMS:** Terms of the sale are cash due upon sale, unless prior credit arrangements for the sale have been agreed upon in writing between the Buyer and Seller, in which event, the terms of the written credit arrangement between the Buyer and Seller for the sale shall prevail. The failure of a member buyer to pay the appropriate party the sale amounts when due may constitute a cause for exclusion from BBU pursuant to Article I, section 9 of the By Laws of BBU.
4. **PURCHASER'S RISK:** Each animal becomes the risk of the purchaser as soon as the auctioneer declares it sold.
5. **CERTIFICATE OF BREEDING AND/OR TRANSFERS:** All required paperwork will be transferred to the buyer at the seller's expense, upon settlement.
6. **HEALTH:** All animals will have appropriate certificates of veterinary inspection for travel to the sale site and will to the best of the seller's knowledge be eligible for interstate shipment, however, buyers need to be aware of their individual resident state's requirements for shipment of cattle. Any and all testing will have been completed within thirty (30) days of the sale date.
7. **ANNOUNCEMENTS:** Any changes in information of any kind will be announced from the auction box and such announcements shall take precedence.
8. **BREEDING GUARANTEES:**
  - a) **FEMALES: OPEN AND/OR EXPOSED FEMALES:** Females younger than twenty-four (24) months of age can be sold as open. Open females are so guaranteed. Any female is considered a breeder if she is certified to be pregnant by a licensed veterinarian at the time of sale and/or has a nursing calf at side. Cows (including donor cows) with calves at side six (6) months or older must be certified to be pregnant by a licensed veterinarian.
  - b) **SAFE IN CALF FEMALES** have been examined by a competent veterinarian and are so guaranteed.
  - c) **BULLS:** Bulls eighteen (18) months or older are guaranteed to have passed a Bull Breeding Soundness Evaluation (BSE) and to have been certified a satisfactory potential breeder by a licensed veterinarian within forty-five (45) days prior to sale date. The results of the Breeding Soundness Evaluation (BSE) must be reported on a fully completed official form and attached to the health papers required for the sale.
9. **DISCLOSURE OF PRIOR PROCEDURES:** If known to the seller, there must be a disclosure in the current sale catalog or from the box of any circumcision or other surgical alteration of any underline of any male or female and of any single egg or super-ovulation flush of any female sold in a BBU Approved Sale.
10. **INHERITED DEFORMITIES GUARANTEE:** All bred females are guaranteed not to produce a calf with an inherited deformity occurring in Bovine for a period of nine months following date of sale.
11. **REPRESENTATIONS AND GUARANTEES:** All representations and guarantees, whether set forth in sale catalogs, these Terms and Conditions of Sale or otherwise, are solely those of seller and are not those of BBU. Except for the assurances set forth in the Approved Sales Agreement that an animal does not exhibit a genetic defect and that its registry information is consistent with the information in BBU's records, BBU makes no representations, warranties, guaranties or assurances whatsoever.
12. **RIGHTS AND OBLIGATIONS:** The above terms and conditions of sale shall constitute a contract between buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction. Neither BBU, the sale manager, nor any other person connected with the management of the sales assumes any liability, legal or otherwise, for any subsequent resale of an animal.
13. **REMEDIES:** a) **OPEN AND/OR EXPOSED FEMALES** are guaranteed to be breeders by twenty-four (24) months of age except in cases of animals purchased and then fitted for show or administered any super ovulation drug. In cases of animals fitted for show or administered any super ovulation drug after purchase, the breeding guarantees, if any, shall be such as agreed upon between buyer and seller. All claims for a refund must be made in writing to the seller within six (6) months after the animal reaches twenty-four (24) months of age. Open females are so guaranteed. If within sixty (60) days after the sale date, a female sold as "open" proves to be with calf, the buyer may return the 9/10/2010 female to the farm of the seller, provided the female is in good condition and in compliance with the health requirements of the seller's state, and receive refund of the full purchase price. The acceptance of the refund of the full purchase price shall in any case be deemed full satisfaction and settlement of the matter. The buyer's failure to notify the seller within sixty (60) days from the date of sale and to make the election as hereinabove provided shall relieve and absolve the seller of any duty, obligation or liability to the buyer regarding the purchase of said female. The seller and buyer shall bear equally all reasonable and necessary transportation expenses that are incurred in returning the animal to seller.

b) SAFE IN CALF FEMALES are guaranteed to have been examined by a licensed veterinarian. If within thirty (30) days after sale date, a female sold as “safe in calf” proves not to be in calf, the buyer may immediately request that the female receive service from the bull previously used, if available, or return the female to the farm of the seller, provided the female is in good condition and in compliance with the health requirements of the seller’s state, for a refund of the full purchase price. The acceptance of the refund of the full purchase price shall in any case be deemed full satisfaction and settlement of the matter. The buyer’s failure to notify the seller within thirty (30) days from the sale date and to make the election as hereinabove provided shall relieve and absolve to the seller of any duty, obligation or liability to the buyer regarding the purchase of said female. The seller and buyer shall bear equally all reasonable and necessary transportation expenses that are incurred in returning the animal to seller.

c) FLUSHES AND TIME REQUIREMENTS: A flush consists of all viable embryos, transferred or frozen, received from a female as the result of the administration of any super ovulation drug. The sale of a flush or resulting pregnancies must specify in the sale catalog the number of pregnancies guaranteed and the disposition of any other pregnancies resulting from the flush, the disposition of any frozen embryos resulting from the flush and any additional charge for the recipient cows. The maximum time for the delivery of the guaranteed results must be specified along with a payment schedule. Non-delivery or only partial delivery by the specified time by the seller will result in a pro-rata refund of all monies paid by the buyer for such flush or pregnancies not delivered.

d) PREGNANCY AND/OR PREGNANT RECIPIENT COW: Pregnancy and/or pregnant recipient cow is a cow of any breed that is carrying a pregnancy (guaranteed to have been examined by a licensed veterinarian as safe in calf) as the result of a flush as so stated on the certification of embryo transplant form. Such pregnancy and/or pregnant recipient cow is guaranteed to be carrying the embryo pregnancy so stated and if found not safe in calf by a licensed veterinarian within thirty (30) days of delivery of the recipient cow to the buyer, the buyer will have the same remedies as set forth in clause b) for the safe in calf females. The amount bid by the buyer for the individual pregnancy and/or pregnant recipient cow offered at a sale will be inclusive of the recipient cow. A pregnancy and/or pregnant recipient cow should be available at the sale site; however, if not available it must be delivered to the buyer, at the seller’s expense, within thirty (30) days of the sale with the necessary health papers sufficient for delivery to the buyer.

e) CLONES: Only BBU replication cell-cloned animals shall be eligible for registration and eligible to sell in BBU Voluntary Approved Sales. Genetically modified animals shall not be eligible for registration and cannot sell in BBU Approved Sales. Cloned animals shall be guaranteed by the seller to be breeders under the same terms of the agreement for females and bulls. *Any additional guarantees with respect to clones shall be by separate agreement between buyer and seller.*

f) BULLS: If within one-hundred twenty (120) days from the date of sale, the bull has failed to pass a Breeding Soundness Evaluation (“BSE”) certified by a licensed veterinarian, buyer must send seller written notification of the failure of the test within one-hundred and twenty (120) days from the date of sale and include the BSE test results. Within sixty (60) days after seller’s notification of the failed BSE test, buyer and seller shall identify a mutually agreeable licensed veterinarian or technician certified by a licensed veterinarian to perform another BSE on the bull at the buyer’s expense. The results of the test shall be deemed final and conclusive of this matter and binding on buyer and seller. If, in the opinion of said veterinarian or technician, the bull is unable to pass a BSE and be confirmed a satisfactory potential breeder, he shall so certify in writing to the seller and the buyer which shall include the official form used by the Society of Theriogenology or the official BBU Breeding Soundness Evaluation form. In such event the buyer may return the bull to the farm of seller, provided the bull is in good condition and in compliance with the health requirements of the seller’s state, for a refund of the full purchase price. The acceptance of the refund of the full purchase price shall in any case be deemed full satisfaction and settlement of the matter. The seller and buyer shall bear equally all reasonable and necessary transportation expenses that are incurred in returning the animal to seller. A listing of industry standards for Scrotal Circumferences for bulls at various ages will be printed in the sale catalog. Satellites, Marketing Groups, or individuals may specify additional guarantees.

**THIS IS A BBU APPROVED SALE AND FOLLOWS THE BBU VOLUNTARY SALE AGREEMENT (on file at the BBU Office).**

### **Guiding Principles:**

**Voluntary Classification Guidelines:**

Cattle are visually inspected by a BBU field representative for desirable traits. Each animal is classified according to BBU's Standards of Excellence.

Any bull or female in the "U" category will be so designated on the BBU Certificate of Breeding along with the date and initials of the BBU field representative. To be presented for a "U" classification, males and females must be a minimum of 8 months with no upper age limit. Classification of Certified Beefmaster cattle is \$5.00 per head or \$350.00 per stop, whichever is greater.

Any bull or female in the "X" category will be removed from the registry by BBU's office and so noted by correspondence to the member. BBU will not charge the member a classification fee for an "X" animal.

Bulls must have a yearling scrotal measurement (taken between 320-410 days of age) of at least 30 cm to meet the "U" qualification. A measurement of 34 cm is the objective.

All cattle presented for classification must have permanent identification and must be certified or an application for certification must be presented to the field representative.

To receive a number score all animals must have a "U" classification.

All animals (male and female) aged 13 months and up may be presented for "U" classification and number scores for conformation and underline, with the stipulation that if the animal is seen later in a BBU Approved or Sanctioned Sale it is subject to reclassification by the BBU field service representative at the sale (at no charge).

**Scrotal Circumference Scores:**

I DON'T CARE WHAT COLOR THIS HEIFER IS, YOU HAVE TO LIKE HER. HER DAM GOES BACK TO THE AVA COW THAT IS A FULL SISTER TO THE GREAT OASIS. TOMKAT ON THE TOP BRINGS IN BLACK BAYOU AND BOVANNA. WHATEVER THE PEDIGREE IS, IT WORKED HERE. RIHANNA MAY HAVE THE MOST MUSCLE SHAPE OF ALL THESE HEIFERS, BUT SHE IS STILL VERY GOOD NECKED AND ATTRACTIVE. HER FUTURE HAS A LOT OF BREEDING FLEXIBILITY, ANY STYLE OF BEEFMASTER BULL WOULD WORK ON HER OR SHE COULD MAKE SOME AWESOME AMERICAN STEERS OR ADVANCERS.

240-9 "WHO DAT" IS A POWERHOUSE BULL OUT OF SUGAR PIE OUR PREMIER DONOR AND WITHOUT DOUBT THE VERY BEST COW I HAVE EVER OWNED AND HERE IS ANOTHER PERFECT EXAMPLE OF WHY. CLASS WINNER IN TUNICA AND HOUSTON IN 2010, HE PUT UP FLUSH QUALITY SEMEN AT 14 ½ MONTHS OF AGE. HE BRED OVER 40 HEAD BEFORE HIS 2<sup>ND</sup> BIRTHDAY AND HAS BRED AT LEAST THAT MANY EVERY YEAR SINCE. HE IS ABLE TO MAINTAIN HIS BODY CONDITION ON GRASS AND HAS HAD VERY LITTLE FINISH FOR THIS SALE. BREED HIM TO RED COWS FOR A RED CALF OR BLACK COWS FOR A BLACK CALF, IT IS ALMOST LIKE CLOCKWORK. IF YOU ARE LOOKING FOR YOUR NEXT PROVEN HERDSIRE, BE SURE TO GIVE THIS BULL YOUR CONSIDERATION. I AM RETAINING 250 STRAWS APPROXIMATELY FOR IN-HERD USE. DNA608401A

IMAGINE A PEDIGREE WITH BULLET PROOF, OASIS, XCITE, BOMBSHELL, INFINITY, SUGAR PIE, CAVALIER, SILK STOCKINGS AND FARRAH LADY ALL RIGHT THERE ON THE PAPER. HALTERED AT WEANING AND VERY GENTLE.

WE HAVE FLUSHED HER 3 TIMES AFTER HER 1<sup>ST</sup> CALF AND SHE HAS DONE A GOOD JOB OF PRODUCING 7 TO 8 EMBRYOS EVERY TIME. WE CURRENTLY HAVE 4 CALVES OUT OF ACE-IN-THE-HOLE ON THE GROUND. I EXPECT GREAT PRODUCTION OF OUT THIS YOUNG DONOR IN THE FUTURE. SHE IS BRED TO "WHO DAT" FOR HER NEXT CALF. MM MM GOOD! DNAUS400097693PV

LUCILLE 34-09 IS A BULLET PROOF DAUGHTER OUT OF INFINITE FARRAH AND SOULMAN THAT WE BOUGHT AS A HEIFER FROM EMMONS RANCH A FEW YEARS AGO. WE BRED HER TO ACE-IN-THE-HOLE FIRST AND THEN FLUSHED HER TO VISION ON A LIGHT DOSE TO PRODUCE 28 EGGS. I THINK YOU WILL AGREE SHE IS A GREAT FEMALE AND SHE SHOULD HAVE A "WHO DAT" BABY AT SIDE WHEN YOU SEE HER. DNAUS400097691PV

430-1 THIS WAS AN EXPERIMENT IN LINE BREEDING FOR US. "WHO DAT" WILL TYPICALLY THROW THE COLOR OF THE COW IN HIS CALVES. THE DAM OF THIS HEIFER IS A RED/WHITE PAINT. BREEDING HALF BROTHER AND HALF SISTER TOGETHER GAVE US THIS SOLID RED HEIFER THAT IS VERY CORRECT IN HER MAKE-UP AND IN THAT MODERATE FRAME SIZE THE INDUSTRY DEMANDS.

424-1 I REALLY LIKE THIS "WHO DAT" HEIFER OUT OF A DOUBLE BRED BLACK JACK DAUGHTER GOING BACK TO SWINGING B'S SATIN LADY. SHE HAS ALL THE TRAITS YOU WOULD EXPECT FROM HER SIRE, BUT SHE JUST HAS A SPECIAL BALANCE TO HER OVERALL. HER DAM IS SOLID BLACK, BUT SHE HAS A LITTLE COLOR AS YOU SOMETIMES GET WITH BJ21 IN THE PEDIGREE. DON'T LET IT FOOL YOU!

373-0 IS A HAV-A-DEE X MAIDEN LADY EMBRYO THAT WE RAISED FROM HMS' DISPERSAL SALE. SHE HAS HER FIRST CALF AT SIDE OUT OF TANTAMOUNT, JUST BORN IN LATE MARCH. WE SPARINGLY FEED THESE HEIFERS DURING LATE PREGNANCY TO NOT CREATE CALVING PROBLEMS, BUT SHE IS MILKING REALLY WELL, JUST DON'T EXPECT HER TO BE SALE FAT. SHE WILL MAKE A GREAT MOMMA COW ON LITTLE IN-PUT.

**ID#:** T5 446-1

**DOB:** 11-23-11

WE ARE OFFERING A PICK OF ACE-IN-THE-HOLE DAUGHTERS OUT OF OUR FUTURISTIC DONOR THAT ARE BREEDING AGE. THERE IS 1 BLACK AND 2 RED HEIFERS IN THIS LOT. ASIDE FROM COLOR THESE GIRLS ARE CONSISTENTLY THICK, HAVE LOTS OF MUSCLE, WIDE STRAIGHT TOPS AND SMOOTH FRONT-ENDS. I DON'T KNOW IF I HAVE EVER RAISED ANY MORE NATURALLY GENTLE CALVES THAN THIS FLUSH (INCLUDING 4 BULLS). ANY AND EVERY ONE OF THESE FEMALES COULD FOLLOW THE FOOTSTEPS OF ANY ANIMAL ON THIS PEDIGREE AND BE A DONOR SOMEWHERE (ALL HAVE DNA OR BLOOD TYPE ON FILE). THE LAST PICK WILL BE AS GOOD AS THE FIRST, BUT DON'T WAIT, I MIGHT KEEP ONE.
