Dear JBBA Members,

Hello everyone! The 2010 Junior Beefmaster Breeders Association Convention and National Show are just around the corner! I hope everyone is excited and eager for our annual fun filled week that is in store! This year the event will be held at the wonderful Heart of Texas Coliseum, in Waco, TX, July 19-24, the headquarters hotel is The Clarion. I would like to invite everyone to come enjoy and participate in the contests and events we have scheduled.

I'm proud to inform all of you that we have two new additions to our JBBA National Show. These additions are the Haltered Bull Show and the Steer Show. These both are great learning opportunities that truly need to be taken advantage of.

The week will begin with our kickoff luncheon. The week will conclude with the national heifer, bull, and steer show, as well as our banquet and dance. We will have other events throughout the week such as the Herdsman Quiz, Public Speaking Contest, the Judging Contest, Family Fun Night, the Leadership Conference, and the Bred-and-Owned Show. We will also have the Pee Wee Showmanship Competition for our youngest members and the always competitive National Showmanship Competition. Members will be competing throughout the week with the goal of gaining enough points in each competition to qualify for one of the \$1000 heifer certificates given away at the awards banquet.

Senior members remember to check out all the scholarship opportunities available to you through JBBA. Applications can be printed off of the BBU website or you can contact the office. They are due in the office by June 11, 2010.

I would also like to encourage those members who are 15 and older (as of January 1, 2010) to run for our JBBA Board of Directors. It is a great opportunity to voice your opinion about any ideas you have for the organization and it is also great leadership experience. Remember that if you choose to run for a position on the Board you must attend the Leadership Conference and the JBBA Board Meeting both held on Tuesday.

I look forward to seeing everyone at our National Convention this year! Be sure and sign up soon!

Thank you

Your JBBA President,

Emily Griffith

2010 National JBBA Steer Show Rules

SUPERINTENDENT: BBU FIELD SERVICE REPRESENTATIVES

Steers must be registered Beefmaster or Beefmaster Advancer animals. Steers must be owned by the JBBA member before April 1, 2010.

Steers must be born between January 1, 2009 and December 31, 2009 and weigh a minimum of 900 pounds on July 29, 2010. **Any steer weighing less than 900 pounds will be shown in a prospect steer show but will not be eligible for overall awards.**

Steers will be weighed and scanned (ultrasounded) for carcass data collection (fat thickness, ribeye area and intramuscular fat) at 9:00 a.m., Thursday, July 22, 2010.

All JBBA rules regarding fitting, hair length, etc. will apply to the steer show.

Steers must be shown on halter in the live animal show and ultrasounded to receive awards.

Awards to be Presented:

- Live Animal Show Champion**
- Live Animal Show Reserve Champion**
- Ultrasound Carcass Champion**
- Ultrasound Carcass Reserve Champion**
- Overall Champion**
- Overall Reserve Champion**

Written Exam Score – Accounting for 20% of the total score.

Each exhibitor will complete a 20 question written exam involving selection, feeding, showing, yield grading, quality grading, etc. of their steer project. Exhibitors will be ranked/placed from highest to lowest test scores. Individual questions will be used to break ties for the final ranking.

Live Animal Show Placing – Accounting for 30% of the total score.

Steers will be divided into and shown in three weight (light, medium and heavy) classes as equally as possible. The steer judge will place individuals in their respective class as well as an overall ranking.

Ultrasound Carcass Results – Accounting for 50% of the total score.

All carcass data will be generated from ultrasound measurements taken by a qualified ultrasound technician. **NO** animals will be harvested for carcass data collection. Carcass data will be derived from the ultrasound measurements by initially ranking the steers using the USDA Yield Grade

Equation: $USDA\ YG = 2.5 + (2.5 \times \text{fat thickness} + (0.2 \times \text{estimated \%KPH Fat (2.5\%)})) - (0.32 \times \text{ribeye area}) + (0.0038 \times \text{hot carcass weight (assume 62\% of Live weight)})$.

The numerical yield grade derived from this formula will then be adjusted for ultrasonic ribeye area (REAU), ultrasonic fat thickness (FTU), hot carcass weight (HCW) and ultrasonic quality grade (%FATU) using the following adjustment factors for the final BEEF CARCASS INDEX (BCI) to determine Champion and Reserve Champion Beef Carcass. The lowest BCI animal will win.
